

# HD1300SS | Hand Dryer

Stardrix V-Force Pro High-Speed Electric Hand Dryer, 110–120V, with HEPA Filter – Stainless Steel Brushed

## PRODUCT IMAGE / DIMENSION DRAWING

## PRODUCT DESCRIPTION

- **Power You Can Feel** – V-FORCE Pro delivers an air speed of up to 150 m/s, drying hands in as little as 12 seconds. Despite its powerful airflow, it operates at a low noise level for a fast and comfortable drying experience.
- **Smart Energy Saving** – The intelligent heating system senses the ambient temperature and adds warm air only when needed, reducing operating power by approximately 31% when the heater is switched off.
- **HEPA Filtration & UVC 360° Technology** – Incoming air is filtered before reaching your hands, capturing up to 99.97% of airborne particles, while UVC 360° technology helps sanitize internal components for cleaner, more hygienic drying.
- **Stylish LED Indicator Lights** – Front LED lights illuminate while the dryer is operating, providing a clear visual status indicator and enhancing its modern appearance.
- **Heavy-Duty Stainless Steel Housing** – Impact-resistant, corrosion-resistant, and easy to clean, built for demanding, medium to high traffic restrooms.

## SPECIFICATION

|                 |                                                             |
|-----------------|-------------------------------------------------------------|
| SKU             | HD1300SS                                                    |
| Color           | Brushed                                                     |
| Material        | Stainless Steel                                             |
| Voltage         | 110 – 120 V                                                 |
| Power           | 1300 W                                                      |
| Frequency       | 50/60 Hz                                                    |
| Motor Power     | 900 W                                                       |
| Heating Power   | 400 W (Automatically comes on when room temperature is low) |
| Air Speed       | 150 m/s                                                     |
| Air Temperature | 50°C                                                        |
| Noise Level     | 72db                                                        |
| Isolation       | Class I                                                     |
| Dimensions      | 9.21 in W x 15.43 in H x 5.67 in D (23.4 x 39.2 x 14.4 cm)  |
